

E-Cart

The space you want

Weight:

44 Kg

External dimensions:

510 x 807 x 870 mm (wxhxd)

Minimal

An elegant design that is simple yet highly functional. Designed with maximum attention to detail to ensure practicality, durability and quality.

Space saving

In one piece of furniture you can put a retractable water treatment system, a maintenance kit and everything necessary for the management of sterilization.

User-friendly

The practical system with wheels and locking allows for easy moving of the autoclave, also facilitating control operations, maintenance and cleaning.

Practical

Equipped with pull-out shelves and compartments to make all the operations of loading and unloading safer and faster.

Ergonomic

Allows you to position the autoclave as practically as possible and makes everyday tasks faster and easier.

Sturdy

The expertise of Euronda in choosing the best materials: E-Cart provides maximum strength and stability to better withstand daily sterilization.
